PROFESSIONAL EXPERIENCE

Colliers International – Commercial Real Estate Firm **San Francisco Bay Area, CA**

Corporate Advisory - Life Sciences & Technology Group *November 2024 - Present*

- Own business development from account research and personalized outreach through discovery, qualification, negotiation, and transaction execution.
- Develop executive relationships through discovery conversations, personalized recommendations, and consistent follow-through, aligning real estate opportunities with each client's business priorities.
- Manage a Salesforce pipeline using activity tracking, structured follow-up, and opportunity reviews to prioritize prospects and advance active conversations.
- Built a prospecting process leveraging AI that identifies company-specific trigger events to prioritize prospects and tailor outreach to anticipated real estate needs.

Positive Solutions, Inc – Applied Behavioral Analysis Provider **San Jose, CA**

Co-Founder, Managing Director - Business Strategy & Ops *March 2021 - November 2024*

- Oversaw recruiting, hiring, and team management; built repeatable staffing and onboarding processes that supported more than 3× workforce growth within 18 months.
- Implemented CRM, internal operational systems, and AI-assisted workflows to streamline recruiting, support service delivery, and expand capacity.
- Led a second-location launch from concept through operational readiness, coordinating site selection, lease negotiations, vendors, and project timelines.

FabExchange, Inc – Semiconductor Capital Asset Sales & Consulting **Santa Clara, CA**

Director, Global Sales & Procurement *Oct 2017 - Feb 2021*

- Led and coached a sales team averaging approximately 120% of annual quota per consultant while achieving 150–200% of personal quota year over year; firm top producer in FY2017–2019.
- Managed strategic enterprise accounts including NXP, ASE Global, Infinera, and GlobalFoundries, using executive business reviews to understand priorities, identify opportunities, and guide account strategy.
- Developed long-term customer relationships through consistent follow-up, understanding evolving equipment needs, and coordinating repeat transactions across buying and selling opportunities.
- Documented prospecting, qualification, and follow-up practices using Salesforce and coached consultants on applying them consistently across their pipelines.

Senior Asset Consultant *April 2015 - Oct 2017*

- Owned the B2B sales cycle from prospecting, discovery, and qualification through proposals, negotiation, and close; firm top producer in FY2016.
- Built pipeline through targeted outbound campaigns, appointment setting, Salesforce activity tracking, and consistent follow-up on pending opportunities.
- Mapped global capital equipment supply and demand to identify qualified buyers and sellers, tailor messaging, and prioritize the strongest opportunities.
